75-90% CTE GRANTS

Prepare your Students for the Careers of Tomorrow!

National Education Foundation, the non-profit leader in Job Ready CTE (Career Tech Education), College Readiness & STEM system solutions, and State University of New York (SUNY), the largest university in the U.S., are partnering to give your students the skills they need for college and high-demand, high-salary careers. We provide competitive grants for the same training courses used by 70% of the Fortune 500 Companies. This is part of our “**Get America Job Ready**” national vision program to improve economic equity and transform lives.

"It has been another successful year at Brocton. We had a cohort of students complete courses and receive SUNY Potsdam certificates. They enjoyed the program more than the traditional method of instruction and felt it was rigorous (in a positive way). Our students really love the program and incentives. We also continue to see how it positively impacts their success in gaining college and job ready skills."

- Brocton Central SD CTE Director, Jodi Huber
